

58 PC. HEX TORSION CORE BIT SET

DY81100505

The "State-of-the-Art" design and strength delivers the concept of a new S3 Hex Torsion Core Bit. All the common hex bit sizes and styles for the uncommon hex bit applications.

FEATURES & BENEFITS

- A hi-spec alloy boasting a 57-60Rc hardness with a torsion core that deliver's 3 times the strength and hex bit life.
- A super strong built-in "torsion core" section allows for an impact bit that will twist and flex under torquing applications.
- 47 torsion core hex bits ranging from 1" (25mm), 2" (50mm) and 5" (125mm) in Phillips, Hex (Robertson), Torx and Hex Ball offerings, 10 Torsion Core Hex Bit, Socket and Nut Driver Tools and a Custom Blow Molded Mobile Carrying case that securely holds bits and tools in place when opening and closing case.
- Custom Blow Molded Mobile Carrying Case with each piece labeled and identified provides mobility, organization and inventory control.
- 1/4", 3/8" and 1/2" Dr. Hex Torsion Core Stwobble Extensions in 2-1/2" (62mm) and 6" (150mm) allow for sockets to be installed and disassembled straight on or at an angle.
- 1/4", 3/8" and 1/2" Dr. X 2-1/2" (62mm) Hex Torsion Core Nut Drivers add depth to even more applications.
- A 2-1/2" (62mm) Hex Torsion Core Driver allows the user to use one Driver to drive all the Hex Torsion Core Bits and Stwobble Extensions.
