

Razor™ Cut-Off Wheels, All-Steel

- Exceptional performance cutting sheet metal and stainless steel
- Optimized abrasive grain and bonding system provides both fast cut rate and long wheel life for even the toughest cutting jobs
- Increased operator safety as a result of double fiber mesh reinforcement
- High quality construction offers smooth, straight cuts resulting in no cutting deviation and better finish
- Excellent choice for all ferrous metals, including stainless

3" X 1/32" X 3/8" A/O Wheels tested on 20 ga steel
