

Solvents & Degreasers

DYNASOLVE™

NON-CHLORINATED SOLVENT

Dynasolve citrus solvent is designed to remove petroleum-based and most synthetic greases and oil, tar, adhesives, soils, and other surface contaminants. Dynasolve solvent has a controlled evaporation that allows it to work on stubborn deposits. Its high velocity discharge works quickly to flush out oily filth and grime, but leaves no oily residue. Dynasolve is nonconductive to 40,000 volts.

- Organic solvent that quickly removes greases, oils, tar, adhesives, soils and many other surface contaminants
- Contains no chlorinated or fluorinated solvents
- High velocity discharge works quickly to flush out filth and grime
- It is non-conductive to 40,000 volts
- Leaves no oily residue

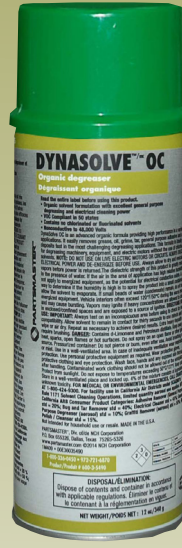

Specifications

Color	Clear
Odor	Citrus
Flammability	Flammable
Evaporation Rate	Slow
Dielectric strength	40,000 volts

For food plant usage see page 80; guideline #2

Code #	Size	Description
600-3-5495	12 oz. / 340 g	Case of 12
900-1-0028	12 oz. / 340 g	4-Pack
600-2-0182	1 Gallon	
600-2-0582	5 Gallon	

DYNASOLVE™ OC

ORGANIC DEGREASER

This formulation was developed to provide industry a high performance, safer way to clean grease, tar, oil and grime from a variety of materials. An ideal product to use in environmentally conscious situations where other toxic products are not usable. It is VOC compliant in all 50 states. The controlled evaporation allows the product to penetrate and dissolve even the toughest deposits.

- Excellent general purpose degreasing power
- VOC compliant in 50 states
- Contains no chlorinated or fluorinated solvents
- Nonconductive to 48,000 volts

Specifications

Color	Clear
Odor	Citrus
Dielectric strength	48,000 volts
Evaporation rate	Extremely flammable
