

Code #	Length X Width
872-3-6100	6" X 5/8"
872-3-7100	8" X 3/4"
872-3-7800	10" X 1"
872-3-8000	12" X 1-1/8"

Second-Cut Half-Round Files

Second-Cut Half-Round Files are for convex, concave and flat surfaces. This file is rounded on one side and flat on the other. The file tapers in width and thickness.

Code #	Length X Width
872-4-7800	10" X 1"
872-4-8000	12" X 1-1/8"

Second-Cut Mill Files

Second-Cut Mill Files are for sharpening mill saws, circular saws, axes, hoes, spades and knives. This file provides a smoother finish than bastard-cut files.

Code #	Length X Width
872-5-6100	6" X 1/4"
872-5-7100	8" X 5/16"

Square Second-Cut File – American Pattern

Square Second-Cut File is for use on plain surfaces, particularly for filing keyways or slots.

Code #	Length X Width
870-7-7100	8" X 7/8"
870-7-7800	10" X 1-7/64"

Knife Bastard – American Pattern

Knife Bastard is for use on very acute angles. The cross section is similar to a knife blade, with the sides double-cut and the edges single-cut.
