

Cryo-Drap™ + Drill Taps

Combine the Cryobit® drill tip with the Cryotap® threads. Maximize performance with the patented Cryophase™ treatment. Deliver the ultimate drill tap Cryo-Drap+.

- Durable – Cryophase™ process increases life, durability, and flexibility
- Reduces inventory – no need to find the proper matching drill bit to use with the common tap
- Fast and Easy – transforms the 2-step “drill & tap process” into a seamless 1-step process
- No need to hunt and find a “drill & tap chart” every time you tap a through hole
- Perfect addition to 3-drawer tap cabinets

Pouch with belt loop holds #4 to 1/2” sizes

Folds and secures with hook and loop

SPECIFICATIONS

Tip Design.....	135° split point
Tap Tolerance	H3
HS Material	CM-8™ chrome-moly-vanadium
Surface	Black & gold oxide
Heat Treatment.....	Austempered twice
Cryophase™	Patented cryotreatment

Code #	Size	Max Material Thickness
802-4-4410	4-40	1/8”*
802-4-4411	6-32	1/4”
802-4-4412	8-32	5/16”
802-4-4413	10-24	5/16”
802-4-4414	10-32	5/16”
802-4-4415	12-24	3/8”
802-4-4416	1/4-20	3/8”
802-4-4417	1/4-28	3/8”
802-4-4418	5/16-18	3/8”
802-4-4419	5/16-24	3/8”
802-4-4420	3/8-16	3/8”
802-4-4421	3/8-24	3/8”
802-4-4422	7/16-14	3/4”
802-4-4423	7/16-20	3/4”
802-4-4424	1/2-13	3/4”
802-4-4425	1/2-20	3/4”

Note: Use only for tapping thru holes. Exceeding max material thickness will break the tool. Always lubricate before use.

* Does not have clearance to tap beyond threads.
