Vertical station for portable saw

Dual-Function Cryoflex® Cordless Band Saw Blade Cutting System

- **Cryoflex High Performance Blades** – Cryophase treatment increases blade life and cutting speed and reduces tooth stripping
- **Dual Function, Cordless Saw** – Powerful, portable band saw and quickly converts into portable vertical band saw with cutting station
- **Compact and Lightweight** – Provides easy access to tight spaces and reduces operator fatigue
- **Heavy Duty Design** – 21,000 rpm electric motor, all metal planetary gear drive, sealed bearings and glass-reinforced nylon housing combine to withstand rough handling
- 2-1/2" Max Cut

Don't let its small size fool you!

	Partsmaster	Competitor 1	Competitor 2
Size	9 lbs	14.1 lbs	14.4 lbs
Avg. cutting time (2" Stainless Steel Square Tubing)	65.8 Sec	84.4 sec	79.5 sec
Cuts battery time (2" Stainless Steel Square Tubing)	7 cuts	5 cuts	7 cuts
