## Trust-X<sup>®</sup> Dia-Cut<sup>™</sup> Concrete Cutting Wheels

- High density diamond cutting edge provides fast cut rate and exceptional wheel life
- Lasts up to 4 times longer than economy wheels
- Special design cuts steel reinforced concrete including rebar, angle iron and wire reinforcements
- Great for tile, brick, and cinder block
- Use with Partsmaster Universal Dust Collection System and filtered shop vacuum when cutting inside or in areas with limited ventilation

Code #	Diameter X Thickness	Center Mount	RPM	Tool
876-3-4500	4-1/2" X .080"	5/8", 20mm, 7/8"	13,300	Right Angle Grinder
876-3-7000	7" X .080"	5/8", 7/8"	8,700	Circular Saw

Note: Fits 5/8" round arbors

Available in select sizes only

RA Grinder

## Laser<sup>™</sup> Concrete Chasing Wheel, Dry Cut

- Durable diamond matrix provides fast cutting and extended wheel life
- V-shaped cutting groove offers smooth operation and allows precision cuts on all concrete, stone and block
- Great for plunge cuts
- Produces a uniform edge which allows for a more efficient repair and helps to prevent further cracking
- Use with Partsmaster Universal Dust Collection System and filtered shop vacuum when cutting inside or in areas with limited ventilation
- Use flange nut when running this product

Code #	Diameter X Thickness	Center Mount	Arbor	RPM
876-3-4025	4" X 3/8"	5/8"-11	Hubbed	13,500
876-3-4650*	4-1/2" X 3/8"	5/8"-11	877-4-4501	13,500

\*Use flange nut when running this product.
