

Partsmaster™ Rotary Cutters

Thin Metal Hole Cutters

- Cuts holes 3-5 times faster than drill bits – saves time
- Cuts accurate holes
- Cuts hole in steel, stainless steel, aluminum, copper, brass, plastic and most metals
- Made from high-moly HSS and designed for long life
- Easier to use – requires much less force than drill bits
- Available in three kits: 5/16" to 3/4"; 7/8" to 1-1/2"; and a larger kit with 5/16" thru 1-1/2"

Applications:

Electrical boxes	HVAC	Duct work	Angle iron
Control boxes	Utility equipment	Machines	Automotive
Firewalls	Tubing	Pipes	Aerospace

Technical Specifications

Material.....	High-moly HS tool steel
Hardness.....	62-64Rc
Max depth of cut	(small dia.) 1/4" for sizes up to 3/4" (large dia.) 1/2" for sizes 7/8" to 1-1/2"
Arbor threads.....	(small dia.) 5/16" to 3/4." – 3/8"-24 (large dia.) 7/8" to 1-1/2" – 1/2"-20

Small Diameter Cutters

Code #	Size
082-1-0401	5/16" Dia X 3/8"-24" Arbor
082-1-0402	3/8" Dia X 3/8"-24" Arbor
082-1-0403	7/16" Dia X 3/8"-24" Arbor
082-1-0404	1/2" Dia X 3/8"-24" Arbor
082-1-0405	9/16" Dia X 3/8"-24" Arbor
082-1-0406	5/8" Dia X 3/8"-24" Arbor
082-1-0407	3/4" Dia X 3/8"-24" Arbor

Large Diameter Cutters

Code #	Size
082-1-0408	7/8" Dia X 1/2"-20" Arbor
082-1-0409	1" Dia X 1/2"-20" Arbor
082-1-0410	1-1/8" Dia X 1/2"-20" Arbor
082-1-0411	1-1/4" Dia X 1/2"-20" Arbor
082-1-0412	1-3/8" Dia X 1/2"-20" Arbor
082-1-0413	1-1/2" Dia X 1/2"-20" Arbor
